Within 2 years of the anniversary date: The certificate amount will NOT be redeemable.

Between the 2nd and 4th anniversary date: 50% of the certificate amount will be redeemable.

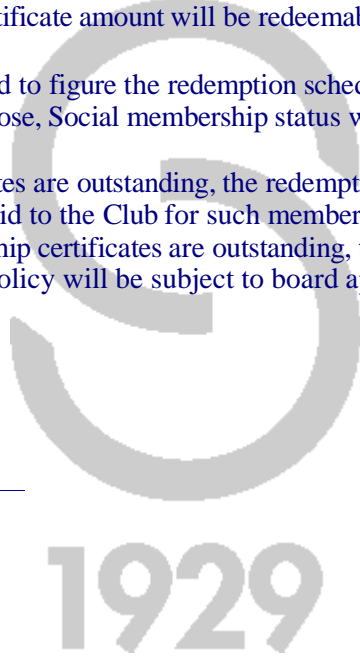

After the 4th anniversary date: 100% of the certificate amount will be redeemable.

The date of membership resignation will be used to figure the redemption schedule. The redemption amount will be based on years of dues paying membership. For this purpose, Social membership status will not be considered for years of membership.

Before such date that 450 membership certificates are outstanding, the redemption price will be equal to the amount of the original issuance price that has actually been paid to the Club for such membership certificate, if there are no restrictions as listed above. After such date that 450 membership certificates are outstanding, the redemption price will be a minimum of \$1,000.00. Any exception to this redemption policy will be subject to board approval.
